THE HOLIDAY TRADE .- As a general rule, the most extensive and liberal buyers of holiday goods do not put off their purchases until the stocks have become low and the crewd so great that they are unable to make satisfactory selections. Indeed, as we happen to know, some of e most desirable customers in that branch of trade are already on the lookout for souvenirs of the coming season. Dealers who propose to engage in it-and which of them does not ?should therefore announce their attractions with out delay, if they wish to reap an early harvest.

We need hardly add, what they already know, that the advertising columns of THE NEWS, always a reflex of the business of the city, are congains in any branch of trade.

THE CHEAPEST YET. The NEWS Job Office Is now printing bill-heads in the best style and on fine paper, at \$250 per thousand. Merchants, think

CHRISTMAS AMUSEMENTS. - The theatrical performances at the Academy of Music have met with such general approbation, that Manager Ford has determined to add to the galety of Christmas week by a series of entertainments adapted to the occasion. As there will be a large innux of strangers during that period, the author-Itles of the South Carolina and Northeastern Railroads might make some arrangements whereby strangers may visit the city and return on one

IN CHAMBERS.—In the case of McMannan vs. John Bonum, a motion was made yesterday morning before Judge Carpenter to discharge an tachment granted by the clerk against the defendant after judgment had been rendered and execution issued. The court decided that the effect of the act of March 19th, 1869, amending the attachment law, was to enable an execution to be levied upon any property that could have been attached under the act of September 24, 1868. It was therefore ordered, that the attachment be dissolved. D. T. Corbin for the motion ; opposed, Brewster, Spratt & Burke.

SHREDS OF STATE NEWS .- The barn of Mr. W. H. Funderburk, in Chesterfield County, was burnt on the morning of the 3d instant.

Mr. Naret Dees, another citizen of Chesterfield, lost his dwelling and outhouses from the same cause. A white boy, aged 11, and a negro girl of 8, perished in the names. Both fires are supposed to be the work of an incendiary. A large number of the citizens of Chesterfield

are emigrating to the West.

THE BIVALVE QUESTION.-It has been claimed that oysters can be puchased cheaper at have some small city bills! Norfolk, Va., and Newbern, N. C., than at Charleston. This statement is calculated to injure the reputation of our millpond and channel bivalves, and is in many respects erroneous. Charleston stop running at too early an hour, and that all oysters opened by the knife are sold at \$1 50 per and at 75 cents when opened by heat. In gailon, and at 75 cents when opened by heat. In allow a to unless they are willing to take all Norfor heat opened oysters are sold at \$1 per half past nine unless they are willing to take all the risks of wind, and weather. This has been a gallon, and at Newbern \$2 per bushel, or \$1 per gallon. Charleston oysters may not be superior to those of the above mentioned places, but they are certainly prized by connoisseurs for their flavor, and command a ready sale. The oyster farms in the city and vicinity, where some attempt at oultivation has been made, have furnished specimens that are almost equal to the

Northern oyster in size. BIETIES.-A large number of articles remaining from the Masonic Fair will be on exhibition at the Masonic Hall to-day, and will be sold at pub- P. M. and 10,30 P. missioners of the Market advertised some time since for proposals to erect new scale houses at the lower end of the market. A number of bids were subsequently received, in accordance with the plan and specifications furnished by the City Engineer. When examined by the commissioners, that body decided not to accept the lowest offer, but considered a new proposition, to transfer the fish market to the lower end of the market; on the opposite side of East Bay. This change would enable the board to transform the fish market into two scale houses, with a passage in the centre, and would give a fat job to some one. It is stated that a motion will be made in Council to-night, to give the Market Commissioners power to effect this change. The move is unstionably against the interest of the entire mmunity, and it is to be hoped that the com-

missioners will reconsider the subject. THE PALMETTO PIONEER CO-OPERATIVE AS-DIATION .- The success of the co-operative plan has long been a mooted question, and the association conducted on that principle in this city has been carefully watched by its friends and ients. It was originated at a time of general depression, and for many months had a bare tenure of existence though making every purchase for cash, and gradually, but surely, gaining the confidence of the community. At the nencement of the enterprise some of the stockholders became dissatisfied, but their shares were soon bought in, and the association has, since that time, increased its sphere of usefulness, and added to the profits of the stockholders. At the last quarterly meeting, a dividend of five per cent. was declared and a statement presented, which showed that the interests of the association had been well managed. There is a general desirato reduce the number of stockholders, and

A MOBEL ESTABLISHMENT. - We invite the atthroughout the State to the excellent facilities which our office enjoys for the prompt execution of all kinds of Book and Job Printing. Fully provided with new type and machinery of the latest and most approved pattern, and having a large and carefully selected stock of cards, envelopes and papers of all qualities, THE NEWS Job Office is now prepared to fill orders for every description of plain and ernamental printing in the very best manner, and at rates at least as low as any other establishment in the Southern States. Call at THE NEWS building (up-stairs) and examine our scale of prices and specimens of our work.

THE ACADEMY OF MUSIC.-The second week of the engagement of the Chapman Sisters was opened last night to a fine house with Buckstone's sparkling comedy of "Married Life." The play is one of the best and mest amusing of the modern school, and gave a more satisfactory test to the merits of the company in comedy proper than was afforded by any previous performance. There is a remarkably even distribution of the important parts, and it must be said that the acting throughout was conscientious and effective. Bishop, as usual, kept everybody at a broad grin ever the awkward attempts of Mr. Dove at "soelety" manners; while the charming Miss Blanche Chapman in the role of Mrs. Younghusband proved that she excels in comedy no less than in burlesque. "Black-eyed Susan was the lightest, the liveliest, and the most delightful of all the extravaganzas we have yet had, and will well bear repeating. For to night Cinderella is announced, with the new comedy, "Checkmate"—a splendid

A Tax on Amusements .- We hope that the committee on Ways and Means of the City Council, in their new Tax bill, will reduce the tax levied upon the Charleston Academy of Music. At the time that the present tax was imposed, there was no building in Charleston devoted only to purposes of amusement, and it was well enough that opera troupes, circus riders and minstrels, who are here to-day and gone to-morrow, should pay a fair license fee. The circus, for instance, leaves nothing in the city beyond the license money, and most other travelling shows are in the same category. With the Academy of Music the case is very different. It was built by Charleston mechanics, is owned by a resident of Charleston, and is leased by a Baltimorean, whom we hope to make "one of ours."

The Academy of Music pays a heavy real estate tax to the city, and the largest proportion of its receipts flows back to the workmen and tradespeople. It is, besides, an important means of attracting strangers who bring trade to Charleston, and we think that the Academy should not stant, the following officers were elected for the be taxed higher than similar institutions in other ensuing Masonic year: Bros. Joseph Bock, W. M.; citles. In Baltimore the city tax is \$1 a night, in Boston \$1, in New York \$1 50, and in Charleston Rhodes, treasurer; Henry Wagener, secretary; J. \$10 a night. This last is by far too much; and we Medsen, S. D.; R. Roth, J. D.; F. Klinckworth, J. hope it will be reduced, as regards the Academy hope it will be reduced, as regards the Academy of Music, to the Boston or New York rate. The same indulgence might be extended to the Hibernian Hall, but all circuses and strolling entertainments of that kind should be made to pay, as now, a very handsome tax.

> THE CITY AND THE CITY DEBT .- The publication in THE NEWS of yesterday of a plain and straightforward statement of the impecunious condition of the city government, has led to the promise of better behavior in the future. Mayor Pillsbury, when the paragraph in THE NEWS was read to him by a city official, said at once that something must be done. He had not seen that the expenses of the police and streets could be curtailed in any way, but the expenditures in those departments must be reduced "someheow." This gratifying declaration was not intended, we hope, for outside effect. Let Mayor Pillsbury stick to the platform of "honesty and economy," and he will soon convert his open foes into fas

> friends. Only! he must stick. We are authorized to say that one of the city banks has offered to lend the city what money may be required to meet the January interest, and that the interest will be promptly and punctually paid. The Committee of Ways and Means expect to make radical changes in the system of taxation-every pursuit or profession will be licensed-and, if their recommendations are adopted, they expect that the influx of money in Janu ary will be sufficient to relieve the city from al embarrassment.

As we said yesterday, we see no objection to a limited issue of one and two dollar city bills. They can be absorbed in trade, and are needed in retail business. All that is wanted is security against an issue of too large an amount. This A tournament was held at Friendship, Claren- can be had in more than one way. The city bills are receivable in payment of all be taken on deposit by the Union Bank and People's National Bank, and, as they are undoubtedly secure, will certainly circulate at par. Let us

> THE STREET CARS AND THE ACADEMY OF MUsic .- Complaint is often made that the street cars but the few persons who have private conveyances are compelled to start for home at nine or the risks of wind and weather. This has been : great inconvenience since the opening of the Academy of Music. Many ladies have been unwilling or unable to walk late at night to their homes, and the absence of the street cars ha hindered the success of the performances, which in every other respect are so popular.

These circumstances have been taken into consideration by the City Railway Company, and President Riggs gives notice that the cars will A CHOICE COLLECTION OF CHRISTMAS VA- make extra trips on each line after the regular schedule time. Cars will leave the upper terminus in Rutledge avenue and in King street at 9:00 emy is over. If the experiment is successful the cars may be run in the summer months as late as ten cents a passenger, no commutation or season tickets being recognized. This is the regular sin gle fare of the company, and no one will object to paying ten cents for a ride home after 10 o'clock

at night. The Street Railway Company, in running the ex tra trips, show a proper regard for the public convenience, and will, we hope, be encouraged to go a step further. Charleston is not a fishing vil lage, where all hands go to bed with the chickens, and we hall the action of the City Railway Company as a move in the right direction-that of giving every possible facility to residents as well

The fortieth anniversary of the Ætna Fire Com pany will be celebrated at their hall to-night. A supper will be one of the features of the occasion. The Contest Social Club give their first annual ball at the South Carolina Hall, on Wednesday evening next.

The Lincoln Guards, a colored militia company marched through the principle thoroughfares yes terday, headed by a drum corps and followed by a beterogeneous collection of humanity. They spent the morning at the cemetery, where an oration was delivered over the grave of a deceas ed comrade.

There will be a regular meeting of City Council this evening. One of the Ohristmas signs is the fusilade of tor-

pedoes that has commenced on the streets. The new front of Messrs. Cameron, Barkley & Co.'s building is nearly completed. A number of complaints against the fowl

thieves have been lodged at the detective office. A good dose of shot would soon settle some of these marauders. The new office of the Express Company was oc-

cupied yesterday, and already presents a business appearance. The sidewalk on Hasel street is a triffe too narrow, but when the shipping is expedited, there need be no blocking of the passageway.

Mr. N. Culieton was the contractor for the building of the new Express office, and all the forts will probably be made by those who have to means to purchase all of the scattering shares. | work on its erection was done by him.

SWEETE TO THE SWEET .- Christmas comes tention of the friends of The News in the city and | but once a year, yet there are some persons who know how to improve that brief opportunity. A glance at our advertising columns to-day will convince the aspirant for Christmas cheer that Claussen's steam bakery and confectionery stores, in King and Market streets, has the "findings" for a No. 1 Christmas frolic. The catalogue of good things published is enough to make one's mouth water and to cause him to covet his neighbor's goods. Housekeepers and all who desire to keep a good old-fashioned Christmas are directed to apply to Claussen, and they will obtain all necessary information.

Lafitte, vice-president; J. T. Kanapaux, senior warden; C. J. Zealy, junior warden; T. W. Bolgers, Secretary; A. E. LePrince, Treasurer; C. O. Trumbo, solicitor; J. E. Kanapaux and C. A. D.
